HEY KIDS HERE COMES
JOHNNY EXPRESS

YOU DRIVE IT, STEER IT, TURN IT. 6 DIFFERENT WONDERFUL TRUCKS IN

Yes, you start with the base Tractor-Trailer shown. The you can build a whole trucking fleet by purchasing additional bodies and attaching with Johnny Express unique "Sure-Lock" feature. Use the same motorized unit to power every truck! It's the new lower-cost way to have a great remote-control trucking fleet your own!

A steel bar reinforcement allows 200-pound man to stand on the basic Tractor-Trailer unit without breaking it.

JOHNNY EXPRESS ^{T.M.}

YOU DRIVE IT, YOU STEER IT, YOU CONTROL
EVERYTHING! ALL BY REMOTE CONTROL!

IT'S A YARD LONG!

Without even touching it, you
can make Johnny Express do this:

GO FORWARD
AND BACK.

TURN LEFT
OR RIGHT.

GO FAST,
GO SLOW.

COUPLE AND
UNCUPLE BY HAND

TRACTOR TRAILER COMBINATION

Starting with this unit, you
can build a whole fleet. It
has a motor and you drive
it from a distance by remote
control. 33" long, 11" high,
8" wide of rugged, steel-
reinforced plastic.

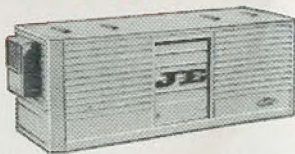

TRAILER

Has unique "Sure-Lock"
that let's you lock and add
other Johnny Express bod-
ies. Removable "L" sides
and front Stop Panel.

JOHNNY EXPRESS™

Hook up this Reefer Van with sliding door and simulated refrigeration unit and you're ready for the long haul. 24" long, 13" high, 8" wide. "Sure-locks" onto basic trailer for completely new motorized truck!

REEFER VAN

JOHNNY EXPRESS™

You can change a tire or make repairs yourself! Comes complete with: Tire Rack which fastens under trailer; Jack that really works; Lug Wrench for removing bolts and changing tires; Snap-on Mud Flaps; Spare Tire.

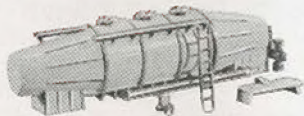

TIRE KIT

JOHNNY EXPRESS™

Transport liquids with the Liquid Tanker that looks just like the real thing. Pour liquid through opening in top; drain through valve underneath. Has simulated gauge on side. 26" long, 11" high. "Sure-Lock" onto basic trailer for completely new motorized truck!

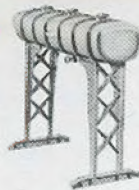

LIQUID TANKER

JOHNNY EXPRESS™

Add this amazingly realistic Storage Tank perfectly scaled for use with your Liquid Tanker. On simulated steel girders and over a foot wide it holds liquid which can be drained into Tanker through valve at bottom. 18" high, 7" wide, 19" long.

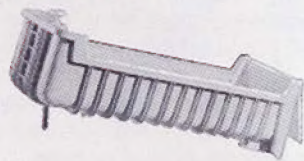

STORAGE TANK

JOHNNY EXPRESS™

You can really carry bulk loads in the Dump Body. Tilts 25 degrees; 60 cubic inches capacity; rear door opens when body is tilted, releasing load. 24" long, 11" high, 8" wide. "Sure-locks" onto basic trailer for completely new motorized truck!

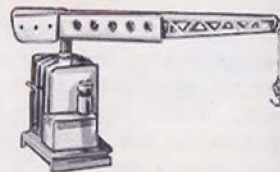

DUMP BODY

JOHNNY EXPRESS™

You can build, load, unload, pick up cargo or bridge parts with the big sturdy Crane. Has telescoping boom more than 16" long. Raise and lower hook by hand crank. Swing Crane in full circle. 14" long, 3" wide, 9" high.

CRANE

JOHNNY EXPRESS™

With this fork lift you can move your cargo from place to place and load and unload your trailers. Rolls on its own wheels; lifts with hand-turned wheel. 9" long, 7" high, 3" wide.

FORK LIFT

JOHNNY EXPRESS™

Just what you need to be a real trucker. You get: 4 pallets that can be lifted by the fork lift . . . 11 crates in three sizes with real wood texture . . . three life-like oil drums. Scaled to fit all Johnny Express units.

CARGO

JOHNNY EXPRESS II

Here's big, big fun—Bridge is more than 5 feet long! Ramp at each end allows Tractor and Trailer to drive across. Has detachable guard rails, crossing gate with stop sign that can be raised or lowered. Can be carried on Basic Unit. 62" long, 12" wide, 4" high.

BRIDGE

JOHNNY EXPRESS II

You really work this conveyor belt. You move cargo with a hand operated crank. Move it on its own wheels. Works when flat or in five different slant positions for loading your trailers. 17" long, 11" high, 3" wide.

CONVEYOR
